Name _____

Position _____

Company _____

Address _____

Phone _____

Fax _____

E-mail _____

A faxed confirmation will be sent to you upon receipt of the enrollment form.

ETAP is the most comprehensive analysis tool for the design, simulation, and operation of generation, transmission, distribution, and industrial power systems.

ETAP Real-Time is a suite of software tools that offers a fully integrated enterprise solution. Through continuous monitoring, simulation, and optimization of the electrical, process, manufacturing, and management systems that are in place, ETAP optimizes the entire production process, reduce losses, and increase profits.

Note: Mille Mega Power Solutions reserves the right to reschedule the event or change venues due to unforeseen circumstances.
